CHASE **WICKETT**

WEB DEVELOPER

32714 Benson Dr. Westland, MI · 313-300-5929

wickettc@gmail.com · **https://www.linkedin.com/in/chase-wickett-424977210/** · **https://www.chasewickett.com/** · **https://github.com/wickettc**

Self-taught web developer specializing in JavaScript seeking to pursue my passion and start a new career in tech. I have been self-learning since the beginning of 2019 and have created several personal projects to display the skills I have learned, along with offering my services to a local business to help gain experience. Please take a look at my portfolio site for a list of complete projects.

EXPERIENCE

2019 – CURRENT

PRO-BONO WEB DEVELOPER, *WESTLAND BOWL – LIVE LINK*

Redesigned and implemented full functioning, responsive website with a modern look and feel. I continue to work with the owners when changes are requested.

2021

PERSONAL PROJECT, *CHASEBOOK – "FACEBOOK CLONE" – LIVE LINK – GITHUB LINK*

This app is a basic version of Facebook where users can register, become friends, view other's profile, and make and like other's posts. I created the front-end with React, backend with Express and the database with MongoDB.

2021

PERSONAL PROJECT, *STOCK WATCHER – LIVE LINK – GITHUB LINK*

A personal project I created to display stock data fetched from a public API. The user can search for different stocks and see current information as well as pricing data plotted to a chart. The user can optionally signup for an account and save favorite stocks for easy access in the future. I created this app with Vue, Firebase and Firestore.

2018 – CURRENT

SALES ASSOCIATE, *CARITE*

My responibilites include guiding the customer through the vehicle selection, application and financing process. I continue to maintain exceptional sales numbers while also maintaining customer relationships.

EDUCATION

2021-CURRENT

ASSOCIATE OF COMPUTER PROGRAMMING, *SCHOOLCRAFT COLLEGE*

After two years of self-teaching, I have decided to go back to school and purse a formal degree in computer science.
